

KANSAS TITLE V MATERNAL & CHILD HEALTH (MCH) SERVICES FFY 2017 Block Grant Application

State Priorities

States conduct a 5-year needs assessment to identify 7-10 state MCH priorities.

1. Women have access to and receive coordinated, comprehensive care and services before, during and after pregnancy.
2. Services and supports promote healthy family functioning.
3. Developmentally appropriate care and services are provided across the lifespan.
4. Families are empowered to make educated choices about infant health and well-being.
5. Communities and providers support physical, social, and emotional health.
6. Professionals have the knowledge and skills to address the needs of maternal and child health populations.
7. Services are comprehensive and coordinated across systems and providers.
8. Information is available to support informed health decisions and choices.

National Performance Measures (NPMs) & Evidence-Based or -Informed Strategy Measures (ESMs)

States select 8 of 15 NPMs that address the state priority needs; at least one from each population domain area.*

NPM 1: Well-woman visit (Percent of women with a past year preventive medical visit)

- ESM: Percent of women program participants that received education on the importance of a well-woman visit in the past year

NPM 4: Breastfeeding (Percent of infants ever breastfed; Percent of infants breastfed exclusively through 6 months)

- ESM: Number of communities achieving the "Community Supporting Breastfeeding" designation

NPM 6: Developmental screening (Percent of children, ages 10 through 71 months, receiving a developmental screening using a parent-completed screening tool)

- ESM: Percent of parents of child program participants receiving education on child development and developmental screening

NPM 7: Child Injury (Rate of hospitalization for non-fatal injury per 100,000 children ages 0 through 9)

- ESM: Percent of child program participants that received car seat and/or booster seat safety education during an MCH visit

NPM 9: Bullying (Percent of adolescents, 12 through 17, who are bullied or who bully others)

- ESM: Number of school-age students that received information on bullying or social-emotional development

NPM 10: Adolescent well-visit (Percent of adolescents, 12 through 17, with a preventive medical visit in the past year)

- ESM: Percent of adolescent program participants (12-22 years) that received education on the importance of a well-visit in the past year

NPM 11: Medical home (Percent of children with and without special health care needs having a medical home)

- ESM: Percent of families who experienced a decreased need of care coordination supports

NPM 14: Smoking during Pregnancy and Household Smoking (Percent of women who smoke during pregnancy; Percent of children who live in households where someone smokes)

- ESM: Percent of pregnant women program participants who smoke referred to the Tobacco Quitline

State Performance Measures (SPMs)

States select measures to address state priorities not addressed by the National Performance Measures.

SPM 1: Percent of preterm births (<37 weeks gestation)

SPM 2: Percent of children living with parents receiving emotional support (help with parenthood)

SPM 3: Percent of children 6 through 11 and adolescents 12 through 17 who are physically active at least 60 minutes/day

SPM 4: Number of Safe Sleep (SIDS/SUID) trainings provided to professionals

SPM 5: Percent of adults who report that it is somewhat difficult or very difficult to understand information from doctors, nurses and other health professionals

***MCH Population Domains**

1. Women & Maternal Health
2. Perinatal & Infant Health
3. Child Health
4. Adolescent Health
5. Children & Youth with Special Health Care Needs
6. Cross-cutting or Life Course
